Video Series: Operation TruthBrigade

Operation: Truth Brigade – Codename: Christie Czajkowski aka Christie Aphrodite

A video series by Chris & Sheree exposing the cointelpro methods used to (or rather, attempt to) radicalize and/or take down patriot groups, militias, radio show hosts, networks and individuals. In this film we will detail the methods of attack and blow the cover of some of operatives, informants and those who help them. What we stumble across, **WILL SHOCK YOU!**

And let this be a message to any operatives, agents or useful idiots who try to infiltrate.

WE WILL NOT PLAY YOUR GAMES BUT WE WILL EXPOSE YOUR TACTICS!

Watch all chapters here. Use arrows to scroll to next chapter.

Let me assure everyone right now that this goes WAY beyond common radio show host infighting. The rabbit hole that we have uncovered goes DEEP and involves not only a long pattern of cointelpro style infiltration of

several groups of all walks of life including FBI “snitching” but may unravel a whole story of MK-Ultra style mind control operation and child trafficking.

Feel free to reupload it to youtube. We have edited anything that could possibly offend youtube (like the opening Metallica song).

We must be making an impact because I received my first death threat over this situation. I’m sure it’s the same high school BS the same three key players have been involved in. But if these dots connect to where they seem to be heading, the threat may be more credible than we currently believe. Regardless, God is always with us and as long as we walk the path and stay focused in our mission of being a vessel for this important consciousness shifting information we will be well protected. And if they do actually “suicide” us – well, then we’ll get to live forever and our message will become even more powerful and credible than we could ever hope for while we’re alive.

But I highly doubt they want martyrs.

STAY TUNED FOR MORE UPDATES!! We’ll put them out as soon as we connect the dots, check and recheck and triple check the facts!!

I always knew Louie B was a lil fat bitch boy and I told you that Chris, and **Christie** was doomed from the start I never liked her she always acted like she had all the answers and that voice and laugh ugh! But I was also worried about you too Chris it seemed like your ego was getting bigger and that’s not what the show is about, I almost gave up on the show cause it was going strait downhill after Sheree left but I’m so glad things worked out and you weeded out the snakes and thier venomous ways! Welcome back Sheree and thanks for saving the show Chris!

2. [Harps](#) on November 22nd, 2010 7:36 pm

What was annoying about that Cointelpro Aphrodite on the air was her tone of voice, it seemed like she had the mic attached to her mouth while the voices that steered the program took a backseat around her

dominating claptrap tone,
Good to hear the tuned in voices of Chris & Sheree on the air again.

3. [Marinkorpse](#) on November 23rd, 2010 3:39 am

Anti venom is right on the Ego issue, I'm really glad to see the show back on track with the host living up to it. All my best vibes to you.

I always had a bad feeling on **Christie**, It was a pain in the ass to hear the shows she was in. And I felt she behaved like a phony new-ager, I thought I was being close minded but heck my guts were damn right. My inside works incredible well recently (maybe I just began to pay real attention to it)

Cheers mate

I emailed you about that show with Chrissie. You told me to relax or I would have a heart attack. I smelled a rat with the way the conversation was going. I hope you are not going to go to Oracle with all those commercials. That would seal your fate as part of the official money marketers. Alan Watt cuts out his commercials. Are you able to do that at Oracle? It seems to me you guys may be going toward the notoriety, maybe the money? Not that I can blame you because this movement has become trashy any damn way. Maybe you could have Watt on your show. He sticks to the facts but is not entertaining so nobody invites him on their show anymore. He is well versed in the occult also. Probably as well as Tsarion, only he leaves out the alien agenda.

5. [admin](#) on November 23rd, 2010 7:02 pm

I hear you man. Yes, we went to Oracle. Yes, we can cut out the commercials in our archives (so long as we host them ourselves), no, we don't get paid a dime for the commercials during the live shows. Those are all for the network except for one which is ours. There is no money in this. Nothing. It's hard to simply cover the cost of production. Oracle has a bunch of AM/FM affiliates and tens times as many live listeners as AFR. Don't we owe it to our guests to have the largest audience possible for them??

Oracle let us cut out 1 commercial break per hour. There is only 12 minutes of commercials every hour. They are great guys, but hey, they have costs too!! But it goes deeper than that. We can cut out a whole bunch of commercials if we want (they are GREAT guys) but then the AM/FM affiliates won't pick up the show. So it's a give and take.. and it would be a disservice to our guests to give them anything less.

And yes, I know, lots of people sent in e-mails about **Christie**. I remember yours, it was one of the first and I put it in my mind but didn't pay too much attention to it. However, when they all started coming in by the dozens, that's when I knew she had to go. And so I'll say this 100 times over... THANK YOU TO ALL OF THE LISTENERS! If it wasn't for you guys I probably wouldn't have booted her off the show and I wouldn't have seen her true colors. I don't think she was counting on you guys disliking her. You were the ones who foiled the operation.

PS – I'm not Buddah or Jesus... I'm just a regular guy and I happen to have a microphone. But then

again, I doubt anyone expects me to be anything more 😊

6. [podgorney](#) on November 23rd, 2010 9:42 pm

I understand. We all get derailed from time to time. I was thinking that Alan Watt may have himself gotten sidetracked with reading articles.. He keeps reading those articles but I know that he has a vast knowledge of the occult and perhaps you guys could pry some of that information out of him because you have a more free format to stretch out like you did with Tsarion. Like I said he is kind of dry but has a plethora of occult knowledge that he has not talked much about in a few years now. I was thinking you guys could bring that back up and out of him. Watt and Tsarion come at it from different angles, but they are two of the most well informed in an overall way.

8. [Creat3d](#) on November 24th, 2010 5:26 pm

I must sincerely apologize for falling for her crap and jumping right into drama that I should have known better than get involved in. Like you said, you've never done anything to me yet I jumped in and started barking and biting like a trained dog (very appropriate imagery there)

...

This cointelpro psychobitch is about to fall and I could not be happier about it. The pieces of the puzzle are slowly but surely coming together and she will be exposed for all she is.

The white power turned "healer" will probably just move to another state, change her name again and try to infiltrate yet another group, using yet another different persona. We will be right there to expose her again, if the need arises.

Shill bitch is done.

Again, sorry Chris and best of luck to you, Sheree and your projects.

Take care,
Eric

9. admin on November 24th, 2010 8:28 pm

Thanks Creat3d. You played the lead on my track Hurt man... I could never be pissed at you!!!! Hahaha. Love ya bro... Chris

10. [Creat3d](#) on November 25th, 2010 6:16 pm

Hahahaha looks like the MK-Ultra operative is having her pawns and accomplices respond to this comment section on her forum... she's also creating fake profiles of you on dating

sites, keeps on propagating shit about Sheree and now I'm somehow a woman-hating abusive man...

Mtex, if you knew anything about what I did to protect a girl friend of mine from her abusive ex, you'd shut the fuck up immediately. But hey, I don't expect you to take anyone's word but Christina's... after all, her bullshit story is quite convincing. I understand, I fell for it too...

Too bad she's so fucking stupid, there are holes the size of Branson, MO throughout all of it. And a lot are seeing right through it 😊

Just you wait, Psychobitch... the **truth** always finds its way out.

Word of advice too... I too could spam made-up bullshit about you, but I won't as that is not what I do. I am, however, pretty effective at spreading **truth** around. Ask your current victim, Luis, about that...

Best regards,
Creat3d

11. [Creat3d](#) on November 25th, 2010 6:18 pm

"**Truth** is self-evident" NO SHIT 😊

Next time you move, take on a new name and persona... at least try harder to conceal your purpose.

12. Jahba on November 25th, 2010 6:26 pm

Kudos Chris. I wish I too could have seen these things before losing a lot as a result of these operations. Job well done **Christie**. Let's hope people pay attention and not let this happen again.

13. [Creat3d](#) on November 25th, 2010 6:46 pm

Go ahead and try that shit with me, Psychobabe... just go ahead and create a fake profile for me anywhere you want and see how I'll deal with that 😊

I want to apologize for buying into Christie's lies too, I talked mad shit about you in the chat room about you on various shows. I was just disappointed about what I heard about you because I and my kids enjoy your music. My little girl always wants me to bump Global Resistance in the car. I judged too soon and I hope you can accept my apologies. i am glad

that you exposed the true Christie. I am disgusted with her actions especially since I am Hispanic. Keep exposing this racist and fraud!

16. [Marinkorpse](#) on November 28th, 2010 11:06 pm

Good job on this vids mates, now just move on and keep being awesome.

All my love to you guys!

17. Jahba on November 29th, 2010 2:22 am

Creat3d, Erastus, Jahba, Chris Geo, Sheree and Curt Williams take you down a very, very deep road indeed.

Starting with **Christie** Czajkowski's pattern of infiltrating and disrupting groups/movements, the second hour

takes you all the way into Branson, MO, as well as Lampe, all the MK-ULTRA activities taking place there and how it relates to her story.

We were getting attacked pretty badly throughout the show, so there's a lot of buffering for the first 8 minutes.

The remaining 112 come from a different archive source so it's all good.

I would love to MarinKorpse but we haven't even scratched the surface. This rabbit hole goes DEEP! You are going to be amazed at what Creat3d, Jahba, Sheree and myself have been digging up. This goes WAY deep. Please stay tuned for the updates!

Sovereignshirts – no harm no foul brother (or sister hehe), I fell for her shit too. I don't hold any negative feelings towards anyone who did because I know first hand. Love you guys!! – Chris & Sheree

21. admin on November 29th, 2010 5:43 am

Hahaha. Thanks Luna. No offense to any of the listeners at all but there are some sick people out there who think they "know us" just because they hear us on the radio and listen to us religiously. Lots of people try to inject themselves into our lives. It's rather sick really.

Then they get mad when we stop talking to them. At first, I tried to be the "open book", reply to every comment, just be a regular person. But the deeper I get into this, the more I realize that people who "inject" themselves in that manner are either a> insane or b> have an agenda. Either way, I wish people would stop thinking they somehow "know us". We've never met any of these people!! Hell, we don't even know most of their names!!!! I've learned to block people though, which is something I hoped I'd never have to do.

This guy has his own story but not nearly as bad as Christie's. I'll get Sheree to explain it because quite frankly I don't remember anything about this dude except for he came into our chat one day spewing a bunch of obvious disinfo and I banned him. He was hounding Sheree for quite some time though.

22. [Sheree](#) on November 29th, 2010 6:05 am

Hey Luna,

About that video link you posted, the thing about Aussie Griffin (I know his full name, but I have more class than to post it—unlike, ahem, a certain number of operatives out there) is that we WERE good friends until he started telling me about how he used to be "controlled" by some kind of science fiction/new agey type of controlled opposition group but that he had magically stopped working for them or something, yet was still getting a check in the mail every month because he was on the "govt. dole", which I had no idea what that was but struck me as odd nonetheless.

That was back in about 2007/2008 when we were friends, but as soon as I realized that this guy was trying to get me to believe certain things about UFO's and Tarot and stuff, and as soon as that gut feeling about him was noticed by Chris as well, I kind of cut ties with him,

Like the aforementioned "other people", this person was obviously angry that I had stopped communicating with him regularly ; He reacted with even more aggressive behavior, such as sending inflammatory messages in our chatroom meant to cause us to fight amongst each other....which didn't work that time any better with him than it has this time with **Christie** and Louie 😊

But no worries....I just think it's HILARIOUS that this is the best "evidence" against TF that these people can find, whereas we have a wealth of evidence about their agenda and a badass documentary to go along with it.

This is actually not in my character to even go onto forums and stuff and talk about my personal life, I don't enjoy it, and I'd much rather be reading a book or watching a documentary and studying real issues than be on the internet all night long—literally—having to defend myself and Chris. So, this is going to be the only time I will talk about my personal life like this.

They might have been able to slow our show down for a few weeks, but we're back on top, using nothing but the facts to show our listeners what's really going on with these people, never making personal threats or attacks on a single person. ...And THAT'S why they're sending us death threats, digging frantically for videos from JULY from former friends, using 5 second soundbytes to discredit us, making outrageous claims to smear us, etc. etc.

Because that's all they have to work with. And that pisses them off, because we have much more to expose about this whole situation—so stay tuned for part 4 of our documentary series. It's about to get even deeper and more serious than ya'll can even imagine.

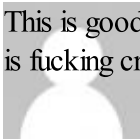

23. [luna sea](#) on November 29th, 2010 9:01 am

Chris & Sheree..Stay tight, as I know you would be..You have many, many helping in the background..This guy certainly seems to have his own story & appears to be a "teat short of an udder" (possibly a couple of teats)..He reminds me of Norman Bates...

(o_o)..Sheree!..You dont have to explain anything to anyone..I just stubbled across this vid on ScrewTube & felt that you should be informed..You know what Hunter S. Thompson said.."When the going gets weird, the weird turn pro"...I know exactly what he meant, as you both probably do..These are times of "high strangeness" as Cliff High would say...I love your show, as does everyone & I will fight fiercely to defend you both...Natures gentle folk..My kinda people..Loyal, honest, humble, quiet, gentle, loving & of great integrity..Have a wonderful evening..Sending love to all the TF crew..Sincerely..Luna See!! xx

24. Simon on November 30th, 2010 4:58 am

This is good news. I'm glad to hear you distanced yourselves from these people. Seriously this whole thing is fucking crazy. And I always thought i was just being paranoid/negative. Fuck those creepy government ppl and their creepy laughs! Thank you for your work and keep growing the **Truth** Frequency.

Ive been listening to TF for some time and initially really liked it and listened regularly but then these mean spirited people louie bee and **christie** appeared and I lost the will to listen. Certainly when **christie** was a cohost, she influenced the whole direction or energy of the show. But I thought that was just me not liking them and their style. Then you had Joe Rogan on and I wanted to listen to that and when he immediately called her out that was it for me.

Anyway Im glad other ppl listened to their intuition and told you about it. It's great to hear you two made it through and I'm looking forward to more great enlightening radio.

Peace and all the best 😊
greet from snowy Switzerland

I looked up the address **Christie** claims her kids are being kept at and found this crappy website with seemingly a picture of the facility:

<https://worksmart.ded.mo.gov/departments/home.cfm?MenuID=5156>

And also this:

<http://www.dss.mo.gov/cd/office/taney.htm>

Also, when you google the address 2720 Shepherd of the Hills Expressway, Branson, MO, the image search comes up with a picture of **Christie** and her kids that leads to this site;

<http://truthbrigade.com/LeaveChristieAlone/>

which you probably already know about but its pretty creepy.

26. admin on December 2nd, 2010 5:31 pm

try google maps... it gets even creepier

27. jewdea on December 4th, 2010 6:21 pm

Just wondering since you guys mentioned Cathy O'Brien a lot, have you ever heard of Bryce Taylor? Her book 'Thanks for the Memories: The Memoirs of Bob Hope's and Henry Kissinger's Mind-Controlled Sex Slave' is what introduced me to the sick, fucked up things that happen in places like where **Christie** claims here kids being kept.

When I looked at google maps and check out the skeezy area around this place in Missouri it immediately reminded me of a lot of the tight-knit groups involved in trauma-based mind control Bryce Taylor cited in her experiences.

28. [Shroom!](#) on December 9th, 2010 10:59 am

Great job guys. You've caught the little psychotic bitch and there is no escaping from the facts you've exposed. Long live TFR!

29. clearmyst on December 10th, 2010 2:45 pm

Hey Chris and Sheree,

Just wanted to warn you that chrisite threatened to call every federal agency she could think of on you guys(that was on the 7'th) apologies if this is old news but I thought just in case as a heads up.

30. sheree on December 11th, 2010 12:15 am

hey clearmyst,

Thanks for the heads-up, but we know that she probably already has. She's gotten to be a pro at filing false reports.

31. Shroom on December 11th, 2010 8:22 pm

Chris & Sheree, is it cool with you guys if I link those vids on my forum?

33. [Shroom!](#) on December 12th, 2010 11:48 pm

34. OldSouls on December 29th, 2010 8:59 pm

Just want to say that you should not worry about Christie's girls. They are doing great and they are living with their fathers. Legal custody is still with the state of Missouri, hence the mailing address. They are back in school after being out for two years (and no, there was no home schooling going on like **Christie** says there was).

Also, **Christie** likes to keep saying there is no proof to any of the allegations against her. That cannot be any more wrong. There is proof and it's not just testimony from the girls. I wish I could post some but cannot while the case is still ongoing. Jury trial in February for **Christie**, and hopefully soon after for Russ.

35. admin on December 31st, 2010 12:31 pm

I hope you are right OldSouls. And yes, February 14th is the date. I'm sure many people are counting down!

36. STEPH on February 28th, 2011 1:46 pm

For anyone looking for an update, looks like the judge had some leniency on her and gave her a temporary pass. It's hard to imagine how she's being railroaded when the judge went against procedure and reset her case because she didn't have an attorney. She really should enjoy the last few days of freedom that she has because she's running on borrowed time right now. Her next court date is March 24th and she will be tried for 6 counts of felony child abuse with her own daughters testifying as to what type of monster she is.

I'm sorry Chris, but I think your conclusions are wrong about **Christie**. She really is simply a completely crazy and diluted individual who is extremely hateful, vindictive and self centered. There is no more and no less to it. She's an evil bitch who abused her children and that is all there is to it. Great work laying it all out there though!!! I can understand where you are coming from in thinking that a normal human being isn't capable of being so hateful therefore there must be some deeper seeded plot going on. But no, she really is that hateful. And if you take a look at her mugshot you can see she is more than likely demon

possessed. Look how happy she is to have all the attention! You can see it in her eyes that she's ecstatic because she knows she will be the center of attention for a while

I'm usually not a spiteful person but I hope she rots in that jail cell for what she did to those children. And that's not to mention the countless people who have helped her (you and I included), who she's completely turned on for no apparent reason.
